

HAIR DRYERS **GW02 02 01 00 Hair dryer**

Product description

Pistol-type hot air hair dryer with wall mount
Built-in general switch
Two airflow speeds/hot and cold air
ON/OFF safety switch
White ABS casing with chrome features
Suitable for hotel rooms
Specially designed for drawer installation

Technical specifications:

Pistol-type hot air hair dryer with wall mount. Both the mount and the hair dryer are made in white ABS plastic. The mount is fixed to the wall with two screws, for which two holes need to be drilled in the wall using a 6 mm drill bit. On the front of the hair dryer mount, there is a main switch with an indicator light. On the back of the pistol-type handle, there is a switch with two positions: 'MAX' – maximum power and maximum flow, 'MIN' – minimum power and media flow. To use the hair dryer continuously, the spring push button located on the front of the handle must be pressed and held down. This stops the hair dryer from being switched on accidentally. It has a 10000 r.p.m. DC motor that delivers an airflow of 75 m³/h at a speed of 55 km/h. The heating element is 1360W – 230V, with a heat limiter. The total power rating is 1400W at 230V – 50/60Hz. The protection class against splashing is IPX1. Class II. The total measurements of the hair dryer are 250x170x90 mm, and its total net weight is 1 kg. The hair dryer model is GW02 02 01 00, manufactured by GENWEC WASHROOM S.L. - Av. Joan Carles I, 46-48 - c.p: 08025 L'Hospitalet de Llobregat. www.genwec.com.

Technical characteristics

Electrical specifications

Voltage/Frequency: 220-240 V 50/60 Hz
Total power rating: 1400 W
Heating element rating: 1360 W
Motor power rating: 40 W
Motor type: DC
Rotor speed: 10000 r.p.m.
Electrical insulation: Class II
Protection class: IPX1
Overheat thermostat.
(Automatic reset)

Mechanical specifications

Air flow: 75 m³/h
Air speed: 55 km/h
Hair dryer and mount in white ABS thermoplastic.
Chrome fittings on hair dryer
Protective grill in polycarbonate
Power cable with plug from mount
Hair-dryer to mount with spiral flex cable
Illuminated general switch on the bottom of the mount
Flow switch on the hair dryer support
Possibility of choosing between two power levels
ON/OFF safety switch. Avoids improper use of the hair dryer

Packaging specifications

- Type of individual package: Single cardboard box with a plastic bag
- Dimensions of individual package: 230 x 185 x 100 mm
- Weight of individual package: 1,2 Kg
- Product dimensions: 250x170x90 mm
- Product weight: 1 kg
- Units per box: 12
- Units per pallet: 144 (*)

(*)Height below 1,1m.
