

Product description

Towel bar
Material: AISI 304 Stainless steel
Finish: Brushed
Formentera Series

Technical specifications:

“Formentera Series” towel bar. The product consists of two wall mounts, two wall plates covering the wall mounts and a towel bar. The towel bar made of AISI 304 stainless steel is fixed to the ends of the central tube by means of screws. The wall plates covering the wall mounts, which are fastened to the ends of the central tube, are made of AISI 304 stainless steel and have a side of 50 mm and a thickness of 3 mm. The wall mounts, made of steel, have two holes so they can be fixed to the wall by means of screws. The assembled set has a brushed finish that provides it an appropriate resistance against corrosion. The product is anchored to a brick wall by means of 4 nylon wall plugs and 4 screws. The overall dimensions of the product are 50 x 605 x 70 mm. The accessory model for the HORECA sector is GW05 21 04 01, manufactured by GENWEC WASHROOM S.L. - Av. Joan Carles I, 46-48 08908 L'Hospitalet de Llobregat, Barcelona (Spain).
