

#### Product description

Reserve roll holder  
Material: Chrome brass  
Finish: Chrome plating  
Italica Series

#### Technical specifications:

Reserve roll holder "Italica Series". The product consists of a wall support, a wall plate covering the support element and a support element for rolls. The roll support consists of two cylinders. The wall support of 42 mm diameter and 3 mm thickness made in brass is fastened by means of screws to the wall. The wall plate covering the support element, which is fastened to the wall support by means of screws, is made in brass casting with a 50mm diameter and a 4mm thickness. The mounted set has a chrome finish plated with 10 µm nickel + 0.15-0.3 µm chromium that provides an appropriate resistance against corrosion. The product is anchored to a brick wall by means of the abovementioned wall support, 2 nylon wall plugs and 2 screws. The overall dimensions of the product are 226x70x70mm. The accessory model reference for the HORECA sector is GW05 28 06 02, made by GENWEC WASHROOM S.L. – Av. Joan Carles I, 46-48 08908 L'Hospitalet de Llobregat – Barcelona (Spain).

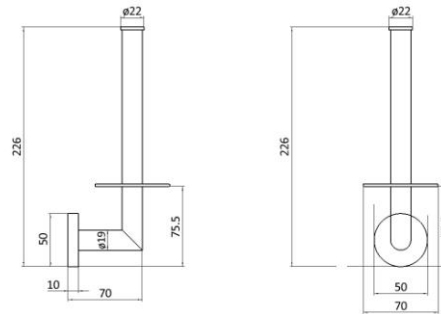

#### Technical specifications
