

#### Product description

Square magnifying mirror with LED light  
Brass with chromed finish  
Fully articulated  
Light switch  
Light temperature of 3000°K

#### Technical specifications:

Square magnifying mirror with LED light. The square mirror consists of a recessed wall mount, an articulated arm set in two sections and a mirror support element that allows bending it on its vertical and horizontal axes. The recessed wall mount includes a wall plate made of brass. This set is manually fastened to a thick mounting plate by means of threaded elements. This plate is fastened to the wall by means of two nylon wall plugs and two screws provided with the product. The articulated arm moves freely on the horizontal plane and it consists of two sections made of precision turned brass parts. The mirror support, made of turned brass, has a square magnifying mirror inside with a side of 205 mm and a lamp that lights the set. The assembled set has a chrome finish that provides it an appropriate resistance against corrosion. The mirror is connected to the mains at 220V. The accessory model for the HORECA sector is GW05 55 06 02, manufactured by GENWEC WASHROOM S.L. - Av. Joan Carles I, 46-48 ES 08908 L'Hospitalet de Llobregat, Barcelona (Spain).

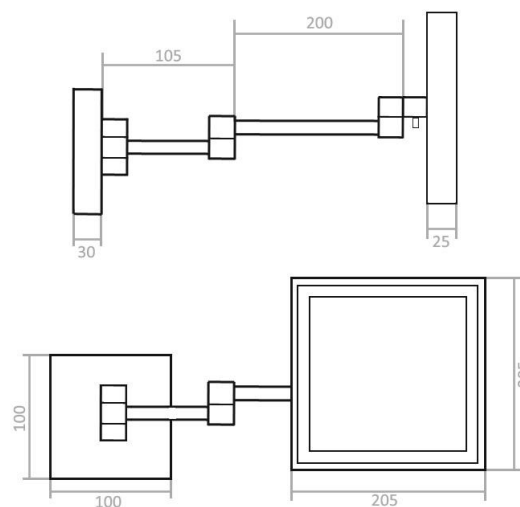

#### Technical characteristics

##### Product specifications

- Articulated arm in two sections made of precision turned brass parts
- Free movement of the arm on the horizontal plane
- Magnifying mirror with LED light
- Free orbital movement of the mirror
- Chrome finish
- Connected to the mains at 220V

##### Packaging specifications

- Type of individual package: Individual cardboard box and bubble wrap

**Cleaning:** A cotton cloth slightly dampened in a soapy solution is recommended. Then dry off.
