

WASTEPAPER BINS **GW06.03.04.02 Pedal bin 12L**

Product description

Pedal bin with lid
Plastic interior receptacle with handle
Material: Stainless Steel AISI 410
Polished finish
Capacity: 12 liters

Technical specifications:

Pedal operated, tip-open wastepaper bin 12 liters. The product consists of a main body, a lid and an interior receptacle. The main body, manufactured with AISI 410 stainless steel sheet, includes in its front part the pedal to swing the cover. The lid, manufactured with AISI 410 stainless steel, includes in its rear part a hinge which is activated with the front pedal making the lid swing. The interior receptacle, manufactured with black color thermoplastic ABS, includes a steel handle for its removal. The assembled unit has a polished finish that ensures adequate resistance to corrosion. The total dimensions of the product are 400x Ø248 mm. The reference is GW06.03.04.02, manufactured by GENWEC WASHROOM, S.L. - Av. Joan Carles I, 46-48-08908 L'Hospitalet de Llobregat, Barcelona (Spain). www.genwec.com.
