

#### Product description

Ergonomic porcelain enamel washbasin with overflow

Fixed to wall with the use of fixed brackets (GW11.50.03.00), manual tilting mechanism (GW11.51.03.00) or pneumatic tilting mechanism (GW11.52.03.00).

#### Technical specifications:

Ergonomic porcelain enamel washbasin with support for elbows. The washbasin, manufactured in porcelain enamel, has overflow, drain hole and hole for tap installation. The connection to the water evacuation network is made with the use of a syphon (not provided) allowing its connection to floor or wall. The installation of the washbasin is made by fixation brackets (not provided). The product has a white vitrified enamel finish which provides a good resistance to normal use. The product measures are 200x650x570 mm. The model of technical mobility support is GW11 49 07 00, manufactured by GENWEC WASHROOM, S.L. - Av. Joan Carles I, 46-48- L' Hospitalet de Llobregat.
