

Product description

Manual reclining mechanism for ergonomic washbasin
To be installed with GW11.49.07.00

Technical specifications:

Manual reclining mechanism for ergonomic washbasin GW11.49.07.00. The brackets, manufactured in steel sheet, are installed with an angle of 90° to the wall. There are 2 wheels which allow the tilt of the washbasin. The installation of the mechanism with the washbasin GW11.49.07.00 is made with four screws. The brackets are white painted and ensure a good resistance to corrosion. The total measures of the product are 145x574x385mm. The technical mobility support model is GW11 51 03 00, manufactured by GENWEC WASHROOM, S.L. - Av. Joan Carles I, 46-48, 08908 L'Hospitalet de Llobregat, Barcelona (Spain). www.genwec.com.
