

INSECT KILLERS **GW14 03 04 02 2 x 11 W insect killer**

Product description

Insect killer of 2 x 11W
Material: Stainless steel
2500 V high voltage arc
Safety grid and grille

Technical specifications:

Insect killer 2 x11W. The product composes of a main body, a safety grid and two 11W tubes. The main body is made of stainless steel and includes two actinic light tubes of 11W inside. Light provides 180 m² day coverage and 375 m² night coverage. The discharge method is high voltage arc of 2500 V. An electronic circuit limits the discharge. The total measures of the product are 285x275x100mm and 2,4 kg of weight. The product code is GW14 03 04 02 manufactured by GENWEC WASHROOM S.L. – Av. Joan Carles I, 46-48 08908 L'Hospitalet de Llobregat.
