

INSTALACIÓN Y MANTENIMIENTO

INSTALLATION & MAINTENANCE

IG24003 00

Precaución: ANTES de realizar el montaje asegúrese de que los elementos de corte, válvula de escuadra o llave de paso, están en la posición "CERRADO" para evitar inundaciones, y que no haya suciedad ni cuerpos extraños en las conexiones o en las tomas.

Caution: Before assembling the product, make sure that the stop cock, square valve or flow valve is "CLOSED", and make sure that there aren't foreign bodies in the water supply connections.
