

**Product description**

Material: AISI 430 Stainless steel

Finish: Polished

Dimensions of spool: 40 mm diameter

Spool roll type 250/300m

Content viewer

Safety lock

Technical specifications:

The industrial hygienic paper dispenser is made up of a cover and support that is attachable to a wall. Both the wall mount and the cover, which includes a content viewer, are made in AISI 430 stainless steel with a polished finish. The rolls are replaced by inserting a key in the slot on the front of the dispenser and turning it 90° in order to lift the cover and access the spool. The 40 mm diameter spool is welded to the wall mount. The type of paper used is a 250/300m roll. The dispenser is fixed to the wall by means of 3 screws, with universal wall plugs for brick walls, located on the product's wall mount. The paper dispenser model is GW03 01 04 02, manufactured by GENWEC WASHROOM S.L. - Av. Joan Carles I, 46-48 - c.p: 08908 L'Hospitalet de Llobregat - Barcelona. www.genwec.com.
